# Digital Room Thermostat

## KEY FEATURES:

- Rapid & Uniform Heating
- High Compressive Strength
- Thermal & Acoustic Insulation
- Precision Pre-grooved Design
- Waterproof & Anti-aging Core

| Item | Standard | Value |
|---|---|---|
| Product Type | Manufacturer Spec | Smart Wi-Fi Digital Thermostat (Underfloor Heating) |
| Display & Interface | Manufacturer Spec | LCD Screen with Backlight & Touch Buttons |
| Voltage & Power Supply | IEC 60730 | AC 90 - 240V, 50/60 Hz |
| Current Load Capacity | EN 60730-2-9 | 3A (Water Heating) / 16A (Electric Heating) |
| Temperature Sensor | NTC 10K | Internal & External Dual Sensors |
| Temperature Accuracy | Manufacturer Spec | ± 0.5°C (High Precision Control) |
| Temperature Setting Range | Manufacturer Spec | 5°C - 35°C (Adjustable) |
| Programming Modes | Manufacturer Spec | 5+2 / 6+1 / 7 Days Weekly Programmable |
| Smart Control & App | Manufacturer Spec | Tuya / Smart Life App (iOS & Android Compatible) |
| Housing Material & Protection | UL 94 / EN 60529 | Flame-Retardant PC + ABS, IP20 |
